STUDY ABROAD OPPORTUNITIES
We hope you will be intentional, creative, and bold as you consider the international education experience that best suits your interest.

Whatever your major and dreams for the future, serious academic engagement outside your home country is one of the most valuable elements of a world-class undergraduate education.

It’s never too early to begin planning. Your Study Abroad advisers are here to help.
"I was craving more than just a traditional study abroad experience; one that created an international experiential learning opportunity and connected my academic and professional interests.

The Global Professional Experience Program allowed me to experience firsthand how a journalism company operates in a different part of the world. At Caixin Media in Beijing, I was able to research current topics around the world, contribute to published articles, create interview questions for meetings with globally recognized individuals (such as foreign ambassadors, directors of the chambers of commerce, and Chinese officials), as well as work independently to develop my own news stories. I was honored to spend the summer working under the mentorship of several incredible journalists and economists, including a Notre Dame alum."

Sarah Price
Class of 2021
Since 1964, Notre Dame has been sending students to study abroad programs around the world.

75% OF NOTRE DAME UNDERGRADUATES STUDY ABROAD FOR CREDIT BEFORE GRADUATION

Internships provide a deeper, immersive experience in your host country’s culture. Many study abroad programs include this option at various small and large local organizations.

RESEARCH
Do you want to jump-start your senior thesis or conduct research while abroad? Ask your advisers how you can access local resources, archives, and other research materials in your host country.

SERVICE
Students participate in a wide variety of community engagement opportunities in almost every program location. Service opportunities with local organizations provide a more holistic study abroad experience.

NOTRE DAME’S RANKING AMONG PH.D.-GRANTING INSTITUTIONS FOR UNDERGRADUATE STUDY ABROAD PARTICIPATION

AM I ELIGIBLE?
Academic standing and adherence to community standards are among the factors for eligibility, as is program appropriateness for your academic goals.

HOW MUCH WILL IT COST?
Tuition, room, worldwide health insurance, and living allowance are covered for most semester and full-year programs. Students are responsible for a study abroad fee and round-trip airfare to program locations. Charges vary for summer programs and those taken during vacation periods.

HOW DO I APPLY?
Students apply for semester and full-year programs during the fall semester of the year prior to the term abroad. Applications are entered online and students must plan ahead to give advisers, rectors, and academic referees time to submit their information.

WHAT NEXT?
• Find us during Study Abroad Week in September.
• Attend information sessions for programs that interest you.
• Consult with your academic advisers on college requirements.
• Check studyabroad.nd.edu for new programs and updated information.
